**A LETTER FROM THE TOWN SUPERVISOR**

Dear Neighbor,

As the days grow longer and the weather warms, Yorktown truly comes alive. Spring and summer are the perfect seasons to step outside, reconnect with neighbors, and invest in our collective well-being.

Our Recreation Department staff has worked diligently to create a lineup of outstanding, affordable programs designed for every resident. Whether you're looking to sharpen your skills on the court, find your zen by the water, or explore your creative side through painting and line dancing, there is a place for you here. Beyond the physical benefits of staying active, these programs are the heartbeat of our community, fostering friendships, building confidence in our youth, and creating a sense of belonging for all.

A quick note on registration: To ensure your favorite programs run as scheduled, please consider registering early. We rely on early sign-ups to finalize our rosters; unfortunately, even a surge of last-minute interest cannot always save a program that appears under-enrolled.

Let's make 2026 a year of growth, joy, and lasting memories. I look forward to seeing you out in our parks!

**Warm regards,**

## INTRO TO WEIGHT-BEARING YOGA FOR BONE HEALTH

**Marta Shedletska, *Instructor***

Strengthen your bones and improve bone density with this specialized yoga program, guided by an experienced yoga therapist trained in Dr. Loren Fishman's clinically proven method. Designed to help prevent and even reverse osteoporosis, this practice incorporates safe and effective weight-bearing postures to promote bone health, while improving strength, balance, and overall well-being. For those with specific contraindications or mobility concerns, modifications using props, including chairs, make the practice accessible and safe without compromising its benefits. Whether you're managing osteoporosis or looking to maintain healthy bones, this program offers a trauma-sensitive, personalized approach to suit your unique needs. Take charge of your bone health and rediscover your vitality with expert support tailored to your journey. \*This class does not involve any external weights – all postures are practiced using body weight.

## WEIGHT-BEARING YOGA FOR BONE HEALTH LEVEL 2

**Marta Shedletska, *Instructor***

This class is designed for those who have completed the introductory session or have an existing yoga practice and no significant contraindications. It offers a full-length, therapeutic practice based on Dr. Loren Fishman's clinically proven method for improving bone health. Through a series of weight-bearing yoga postures using your own body weight, you'll work to increase bone mineral density, strengthen muscles, improve flexibility, and enhance range of motion. Each session ends with a 10-minute guided relaxation to support nervous system regulation and integrate the benefits of the practice. Please bring a yoga belt and two blocks to support proper alignment and deepen the postures safely. No external weights needed, all postures are practiced using body weight. Note: This class is not suitable for individuals with current injuries or conditions that may limit mobility or require significant adaptations. For a more supported practice, please attend the Intro to Weight-Bearing Yoga for Bone Health first.
