## Full Environmental Assessment Form Part 1 - Project and Setting

## **Instructions for Completing Part 1**

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the project sponsor to verify that the information contained in Part 1 is accurate and complete.

## A. Project and Sponsor Information.

| Name of Action or Project:   |   |   |  |
|--|---|---|--|
| Tanto Irrigation, LLC  |   |   |  |
| Project Location (describe, and attach a general location map):  |   |   |  |
| Front Street and Edgewood Street Town of Yorktown  |   |   |  |
| Brief Description of Proposed Action (include purpose or need):  |   |   |  |
| The objective of the applicant is to amend the approved zoned use of this site. It is bei remaining building will be two stories and will have approximately 5,400 sf. The first flow The second floor will contain office space. | into any existir If Yes:  i. Identify the w | ng wetland, waterb    | ody, shoreline, be                   | ach or adjacent area?    |   | per or geographic |

| ii. Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placemalteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in square activities. |                          |
|--|--------------------------|
| iii. Will proposed action cause or result in disturbance to bottom sediments?  If Yes, describe:   | ☐ Yes  No                |
| iv. Will proposed action cause or result in the destruction or removal of aquatic vegetation?  If Yes:   | ☐ Yes ✓ No               |
| acres of aquatic vegetation proposed to be removed:  |                          |
| expected acreage of aquatic vegetation remaining after project completion:   |                          |
| purpose of proposed removal (e.g. beach clearing, invasive species control, boat access):  |                          |
|  |                          |
| proposed method of plant removal:  |                          |
| if chemical/herbicide treatment will be used, specify product(s):  |                          |
| v. Describe any proposed reclamation/mitigation following disturbance:   |                          |
| - Will the manual action are an area of a manual formation   | <b>□</b> X7 <b>□</b> X1. |
| c. Will the proposed action use, or create a new demand for water?  If Yes:  | <b>∠</b> Yes <b>□</b> No |
| i. Total anticipated water usage/demand per day: 350 gallons/day   |                          |
| ii. Will the proposed action obtain water from an existing public water supply?  | <b>Z</b> Yes □No         |
| If Yes:  |                          |
| Name of district or service area: Yorktown Consolidated  |                          |
| Does the existing public water supply have capacity to serve the proposal?   | ✓ Yes No                 |
| • Is the project site in the existing district?  | ✓ Yes No                 |
| <ul> <li>Is expansion of the district needed?</li> </ul>   | ☐ Yes ✓ No               |
| <ul> <li>Do existing lines serve the project site?</li> </ul>  | ✓ Yes No                 |
| iii. Will line extension within an existing district be necessary to supply the project?   | ☐Yes ✓No                 |
| If Yes:  |                          |
| Describe extensions or capacity expansions proposed to serve this project:   |                          |
|  |                          |
| Source(s) of supply for the district:  |                          |
| <i>iv.</i> Is a new water supply district or service area proposed to be formed to serve the project site? If, Yes:  | ☐ Yes <b>Z</b> No        |
| Applicant/sponsor for new district:  |                          |
| Date application submitted or anticipated:   |                          |
| Proposed source(s) of supply for new district:   |                          |
| v. If a public water supply will not be used, describe plans to provide water supply for the project:  |                          |
| vi. If water supply will be from wells (public or private), maximum pumping capacity: gallons/mi   | nute.                    |
| d. Will the proposed action generate liquid wastes?  | <b>Z</b> Yes □No         |
| If Yes:  |                          |
| i. Total anticipated liquid waste generation per day:350 gallons/day   |                          |
| ii. Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe al  | l components and         |
| approximate volumes or proportions of each):   |                          |
| Sanitary waste   |                          |
| iii. Will the proposed action use any existing public wastewater treatment facilities? If Yes:   | <b>✓</b> Yes <b>□</b> No |
| Name of wastewater treatment plant to be used: Yorktown Heights Sewer Plant  |                          |
| Name of district: Hallocks Mill  |                          |
| Does the existing wastewater treatment plant have capacity to serve the project?   | <b>Z</b> Yes <b>□</b> No |
| • Is the project site in the existing district?  | <b>✓</b> Yes <b>□</b> No |
| <ul> <li>Is expansion of the district needed?</li> </ul>   | ☐ Yes <b>Z</b> No        |
|  |                          |

| <ul> <li>Do existing sewer lines serve the project site?</li> <li>Will line extension within an existing district be necessary to serve the project?</li> <li>If Yes:</li> <li>Describe extensions or capacity expansions proposed to serve this project:</li> </ul>  | ☑Yes ☑No<br>□Yes ☑No    |
|---|-------------------------|
| Describe extensions of cupacity expansions proposed to serve this project.  |                         |
| iv. Will a new wastewater (sewage) treatment district be formed to serve the project site?  If Yes:   | □Yes☑No                 |
| Applicant/sponsor for new district:   |                         |
| Date application submitted or anticipated:  What is the president and the presi |                         |
| <ul> <li>What is the receiving water for the wastewater discharge?</li> <li>v. If public facilities will not be used, describe plans to provide wastewater treatment for the project, including spereceiving water (name and classification if surface discharge, or describe subsurface disposal plans):</li> </ul>  | ecifying proposed       |
| vi. Describe any plans or designs to capture, recycle or reuse liquid waste:  |                         |
| e. Will the proposed action disturb more than one acre and create stormwater runoff, either from new point  | □Yes <b>☑</b> No        |
| sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point source (i.e. sheet flow) during construction or post construction?   |                         |
| If Yes:  i. How much impervious surface will the project create in relation to total size of project parcel?  |                         |
| Square feet or acres (impervious surface) Square feet or acres (parcel size)  |                         |
| ii. Describe types of new point sources.  |                         |
| iii. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacent groundwater, on-site surface water or off-site surface waters)?   | properties,             |
| If to surface waters, identify receiving water bodies or wetlands:  |                         |
| Will stormwater runoff flow to adjacent properties?  iv. Does proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwater?  | □Yes□No<br>□Yes□No      |
| f. Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations?   | <b>∠</b> Yes <b>N</b> o |
| If Yes, identify:   |                         |
| <ul> <li>Mobile sources during project operations (e.g., heavy equipment, fleet or delivery vehicles)</li> <li>During construction the use of heavy equipment</li> </ul>  |                         |
| ii. Stationary sources during construction (e.g., power generation, structural heating, batch plant, crushers)  |                         |
| iii. Stationary sources during operations (e.g., process emissions, large boilers, electric generation)   |                         |
| g. Will any air emission sources named in D.2.f (above), require a NY State Air Registration, Air Facility Permit, or Federal Clean Air Act Title IV or Title V Permit?  If Yes:  | ☐Yes ☑No                |
| i. Is the project site located in an Air quality non-attainment area? (Area routinely or periodically fails to meet ambient air quality standards for all or some parts of the year)  | □Yes□No                 |
| ii. In addition to emissions as calculated in the application, the project will generate:   |                         |
| <ul> <li>Tons/year (short tons) of Carbon Dioxide (CO<sub>2</sub>)</li> <li>Tons/year (short tons) of Nitrous Oxide (N<sub>2</sub>O)</li> </ul>   |                         |
| Tons/year (short tons) of Perfluorocarbons (PFCs)   |                         |
| • Tons/year (short tons) of Sulfur Hexafluoride (SF <sub>6</sub> )  |                         |
| <ul> <li>Tons/year (short tons) of Carbon Dioxide equivalent of Hydroflourocarbons (HFCs)</li> <li>Tons/year (short tons) of Hazardous Air Pollutants (HAPs)</li> </ul>   |                         |

| h. Will the proposed action generate or emit methane (inclulandfills, composting facilities)?  If Yes:  i. Estimate methane generation in tons/year (metric):  ii. Describe any methane capture, control or elimination me   |   | Yes No                        |
|--|---|-------------------------------|
| electricity, flaring):   | casares included in project design (e.g., combustion to g   | generate near or              |
| i. Will the proposed action result in the release of air pollutar quarry or landfill operations?  If Yes: Describe operations and nature of emissions (e.g., displayed).   |   | ∏Yes <b>∕</b> No              |
| j. Will the proposed action result in a substantial increase in new demand for transportation facilities or services?  If Yes:   | traffic above present levels or generate substantial  | □Yes <b>☑</b> No              |
| <ul> <li>i. When is the peak traffic expected (Check all that apply)</li> <li>Randomly between hours of to</li> <li>ii. For commercial activities only, projected number of set</li> <li>iii. | <ul><li>h. Surface water features.</li><li>i. Does any portion of the project site contain wetland</li></ul> | de an other westerhadies (including str |                     | DVag ZNa          |
| ponds or lakes)?   | is or other waterbodies (including str  | eams, rivers,       | □Yes <b>✓</b> No  |
| ii. Do any wetlands or other waterbodies adjoin the pr   | oject site?                             |                     | ∐Yes <b>✓</b> No  |
| If Yes to either $i$ or $ii$ , continue. If No, skip to E.2.i.   |   |                     |                   |
| iii. Are any of the wetlands or waterbodies within or a<br>state or local agency?                            | djoining the project site regulated by  | any federal,        | ☐Yes <b>Z</b> No  |
| iv. For each identified regulated wetland and waterboo   | ly on the project site, provide the fol | lowing information: |                   |
|  |   |                     |                   |
| Lakes or Ponds: Name   |   | Classification      |                   |
| Wetlands: Name     Wetland No. (if regulated by DEC)  Are any of the above yeter hodies listed in the most   |   | Approximate Size    |                   |
| v. Are any of the above water bodies listed in the most  | t recent compilation of NYS water qu    | uality-impaired     | ☐Yes <b>Z</b> No  |
| waterbodies?   |   |                     |                   |
| If yes, name of impaired water body/bodies and basis if  | or listing as impaired:                 |                     |                   |
| i. Is the project site in a designated Floodway?   |   |                     | ∐Yes <b>Z</b> No  |
| j. Is the project site in the 100 year Floodplain?   |   |                     | ☐Yes <b>Z</b> No  |
| k. Is the project site in the 500 year Floodplain?   |   |                     | □Yes <b>☑</b> No  |
| l. Is the project site located over, or immediately adjoin   | ning, a primary, principal or sole sou  | rce aquifer?        | □Yes <b>Z</b> No  |
| If Yes:  i. Name of aquifer:   |   |                     |                   |
| i. Name of aquiter:  |   |                     | _                 |

| m. Identify the predominant wildlife species that occupy or use the project site:   |                            |
|---|----------------------------|
|   |                            |
| n. Does the project site contain a designated significant natural community?  If Yes:  i. Describe the habitat/community (composition, function, and basis for designation):  | □Yes <b>☑</b> No           |
| ii. Source(s) of description or evaluation:   |                            |
| iii. Extent of community/habitat:   |                            |
| • Currently: acres  |                            |
| <ul> <li>Following completion of project as proposed: acres</li> <li>Gain or loss (indicate + or -): acres</li> </ul>   |                            |
| • Gain or loss (indicate + or -):acres  |                            |
| o. Does project site contain any species of plant or animal that is listed by the federal govern endangered or threatened, or does it contain any areas identified as habitat for an endange endangered.  | red or threatened species? |
| p. Does the project site contain any species of plant or animal that is listed by NYS as rare, special concern?   | or as a species of □Yes✔No |
| q. Is the project site or adjoining area currently used for hunting, trapping, fishing or shell fi If yes, give a brief description of how the proposed action may affect that use:   |                            |
| E.3. Designated Public Resources On or Near Project Site  |                            |
| <ul> <li>a. Is the project site, or any portion of it, located in a designated agricultural district certified Agriculture and Markets Law, Article 25-AA, Section 303 and 304?</li> <li>If Yes, provide county plus district name/number:</li> </ul> |                            |
| b. Are agricultural lands consisting of highly productive soils present?  i. If Yes: acreage(s) on project site?  ii. Source(s) of soil rating(s):  | ☐Yes <b>Z</b> No           |
| c. Does the project site contain all or part of, or is it substantially contiguous to, a registered   | National TVTN-             |
| Natural Landmark?  If Yes:  i. Nature of the natural landmark:  | Feature                    |
| d. Is the project site located in or does it adjoin a state listed Critical Environmental Area? If Yes:   | □Yes•No                    |
| i. CEA name:  |                            |
| ii. Basis for designation: iii. Designating agency and date:  | -                          |
| m. Designating agency and date.   |                            |

| e. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on, or has been nominated by the NYS Board of Historic Preservation for inclusion on, the   |   |                  |  |
|--|---|------------------|--|
| State or National Register of Historic Places?   | the Freservation for inclusion on, the            |                  |  |
| If Yes:  |   |                  |  |
| <ul> <li>i. Nature of historic/archaeological resource:</li></ul>  | ☐ Historic Building or District                   |                  |  |
| iii. Brief description of attributes on which listing is based:  |   |                  |  |
|  |   |                  |  |
| f. Is the project site, or any portion of it, located in or adjacent to an are archaeological sites on the NY State Historic Preservation Office (SI   |   | □Yes <b>Z</b> No |  |
| g. Have additional archaeological or historic site(s) or resources been in If Yes:   |   | □Yes <b>∠</b> No |  |
| i. Describe possible resource(s):  |   |                  |  |
| ii. Basis for identification:  |   |                  |  |
| h. Is the project site within fives miles of any officially designated and scenic or aesthetic resource?   | publicly accessible federal, state, or local      | ☐Yes <b>Z</b> No |  |
| If Yes:  |   |                  |  |
| i. Identify resource:  |   |                  |  |
| ii. Nature of, or basis for, designation (e.g., established highway overletc.):  | ook, state or local park, state historic trail or | scenic byway,    |  |
|  | niles.  |                  |  |
| i. Is the project site located within a designated river corridor under th   | e Wild, Scenic and Recreational Rivers            | ☐ Yes ✓ No       |  |
| Program 6 NYCRR 666?   |   |                  |  |
| If Yes:  I dentify the name of the river and its designation:  |   |                  |  |
| <ul><li>i. Identify the name of the river and its designation:</li><li>ii. Is the activity consistent with development restrictions contained in</li></ul>   | 6NYCRR Part 666?                                  | ∏Yes □No         |  |

**Disclaimer:** The EAF Mapper is a screening tool intended to assist project sponsors and reviewing agencies in preparing an environmental assessment form (EAF). Not all questions asked in the EAF are answered by the EAF Mapper. Additional information on any EAF question can be obtained by consulting the EAF Workbooks. Although the EAF Mapper provides the most up-to-date digital data available to DEC, you may also need to contact local or other data sources in order to obtain data not provided by the Mapper. Digital data is not a substitute for agency determinations.
