

Chairman  
Matthew Talbert.  
Assistant Chairman  
John Campobasso

March 5, 2026

Dear Town Board Members,

On behalf of the Yorktown Recreation Commission, please accept this letter as our official response to the ongoing review of Homeland Towers' proposed cell tower installation at 62 Granite Springs Road (alienated parkland).

We regret the delay in this response. The Commission has determined not to take a position for or against the project at this time and, therefore, will not be submitting additional comments, given that the alienation of the parkland has already been completed.

Respectfully,

Matthew J. Talbert  
Chairman  
Town of Yorktown  
Recreation Commission
